

# RECOVERY CARE

Offering a selection of Recovery Care garments is just the beginning of long-term patient satisfaction.

- Amoena Recovery Care is designed for immediate post-surgical wear after breast or chest related procedures and treatments
- Ideally should be worn up to their first breast form fitting, if applicable, which is typically six weeks.
- Look for this icon  which highlights the garments that come as a kit with fiberfill post-surgical forms and removable drain pouches. Amoena's removable drain pouches can attach to the band of all garments and are also sold separately.
