Superior Support

Locks in 2.4x the medial/lateral stability of traditional inside-the-shoe ankle braces without limiting plantar/dorsiflexion

Sleek, Lightweight Design for All Athletes

Engineered with a high-performance nylon composite, the brace offers extreme durability while weighing over 50% less than before

Premium Comfort

Features soft-touch neoprene padding with exceptional impact resistance

Customizable Fit

Adjustable, Kevlar-reinforced stirrup strap ensures a personalized fit

NEXT-LEVEL PERFORMANCE

AthleticX Ankle Brace

Proven on all playing surfaces by elite athletes, experience the same support and protection trusted by the pros.

- Over-the-shoe ankle support brace for ALL ATHLETES
- Designed for use in-game, practice, and training
- Delivers exceptional support for both inversion/eversion and internal/external ankle rotation, while maintaining full dorsiflexion and plantar flexion movements
- Accelerates the return to sports and helps prevent repeat injuries, ensuring long-term performance
- Perfect for high grade ankle sprains including syndesmotic injuries
- Custom-fabricated options still available
