Product Announcement

We are launching new black aluminum adapters for our lower limb portfolio.

The new black adapter range includes direct replacements for most existing aluminum adapters and introduces the new 4-Hole Round Pyramid to the lineup.

All updated adapters come with new item numbers, available from **September 15th, 2026.**

Our upgraded adapters bring meaningful improvements across the board:

- Improved corrosion resistance through enhanced surface treatment
- More robust design for greater reliability in everyday clinical use
- Expanded weight capacity to match your patients' needs (now up to 110kg)
- Sleek new black finish

New Item: New 4-Hole Round Pyramid, offering easy rotational adjustability without sacrificing build height of prosthesis.

Availability & Transition Timeline

New black adapters are available for order beginning September 15, 2026	Existing gray aluminum adapters listed below are being discontinued	Inventory is in stock and available for shipment
