

Preggers
by THERAFIRM

Preggers® by THERAFIRM® maternity compression hosiery provide true gradient compression for use during pregnancy. True gradient compression delivers a controlled amount of pressure that is greatest at the ankle and gradually decreases as it comes up the leg. Preggers legwear is ideal for use during pregnancy because it improves circulation, relieves tired, achy legs, helps reduce or prevent swelling, and provides shaping support.

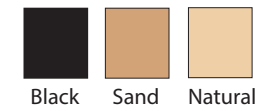

15-20mmHg* MATERNITY PANTYHOSE

Preggers® Pantyhose are available in beautiful natural shades and feature true gradient compression to help prevent mild swelling and relieve tired, achy legs and feet.

SIZE	BLACK	SAND	NATURAL
