

# PRO-FLEX® TERRA

Pro-Flex Terra is a multi-blade prosthetic foot featuring an innovative pre-compressed top blade. It offers a truly unique combination of softness and flexibility associated with low-active feet, and powerful energy return associated with high-active feet.

Pro-Flex Terra's features enable users to be in full command, regardless of speed. With a soft heel and quick adaptation to uneven grounds and slopes, its design and high range of motion combine softness and power allowing users to think beyond placing their next step.

With a new level of versatility, the Pro-Flex Terra is the trusted partner for working in the office, playing sports with your kids, or hiking with friends, giving great performance for diverse daily requirements. It fits with all clothing, from exercise and swimming gear to business suits.

An easy-to-use snap-on foot cover gives users the ability to quickly remove the cover for cleaning, whether it is after a trip to the beach, working in the garden, or wading through autumn leaves. A SandalFix accessory is available to allow users to securely wear open heel footwear, such as sandals, by securely attaching the heel of the foot cover to the sandal.

Össur recommends using Pro-Flex Terra in conjunction with the sleeveless vacuum suspension system Unity®, which adds minimal weight and no extra build height, and does not interfere with Pro-Flex Terra dynamics. Unity is designed to provide secure suspension in combination with Iceross Seal-In® technology, while stabilizing volume fluctuations and maintaining comfortable socket fit throughout the day.

ÖSSUR FEET

User information	
Amputation Level:	Transfemoral and Transtibial
Impact Level:	Low to High
Maximum Patient Weight:	166kg (365lbs)

Foot information	
Categories:	1-9
Size:	22-30
Weight of Foot: (Size 27)	870g (1.9lbs) w/ Pyramid and Foot Cover
Build Height: (Size 27)	179mm (7 1/16') with Pyramid and Foot Cover
Heel Height:	10mm (3/8")
Adapter Options:	Male Pyramid

Unity System Information	
Unity size:	22-30
Maximum Vacuum:	-25inHg (-635mmHG)
Normal Operating Pressure:	-15inHg to -18 inHg
Added System Weight:	111g w/Pump, Socket valve and tube
