

## PRO-FLEX® XC

UNITY  
COMPATIBLE

Pro-Flex XC has been developed to comfortably accommodate the relatively active user, who enjoys hiking and jogging, as well as level-ground walking. Comes with an aesthetically pleasing, anatomical footcover and integrated male pyramid.

Pro-Flex XC is rated Waterproof Plus, which means it is fully resistant to both chlorine and salt water submersion.

Unity for Pro-Flex XC is available either pre-fit with a new foot or as a retrofit option. Used in combination with Icross® Seal-In® liners, Unity provides advanced vacuum suspension for the socket during ambulation, without the constraints of an external sleeve. It adds minimal weight to the existing prosthesis and its simple mechanical design means there are no batteries to worry about. Reliable, effective and easy to use, it is designed to improve balance and prevent skin problems.

User information	
Amputation Level:	Transfemoral and Transtibial
Impact Level:	Low to High
Maximum Patient Weight:	166kg (365lbs)

ACTIVE TIBIAL PROGRESSION

# PRO-FLEX® XC

## ORDERING INFORMATION

FOR COMPLETE FOOT

Please select the appropriate Unity Pump Module kit according to foot module size when placing an order and Unity will come preassembled on the foot. For extra convenience and system compatibility, Unity Valve Kits are highly recommended as a means of connecting to the socket.

For liner selection charts and item numbers please refer to the appropriate Iceross Seal-In page.
