

The Copper Sole Sock Collection from Aetrex is made with copper fibers clinically proven to destroy 99.9% of bacteria, fungi and odor in the sock. Copper ions also help to rejuvenate skin. All Copper Sole socks feature an advanced moisture-wicking system and a hand-linked flat toe seam for extra comfort. Perfect for the diabetic patient. Several styles and colors for both men and women.

Non-Binding

Yarn hugs leg without restriction. Hand linked smooth toe seam for extra protection. Recommended for the diabetic patient. Crew height in black and white. 84 needle count.

Non-Binding X-Cushion

Same as Non-Binding but with extra cushioning for superior comfort and shock absorption. Recommended for the diabetic patient. Crew and ankle heights in black and white.

Athletic

Cushioning heel to toe for superior shock absorption. Elasticized arch support for added performance. Moisture-guard wicking system controls odor. Also available in white. 144 needle count.

Athletic

Cushioning heel to toe for superior shock absorption. Elasticized arch support for added performance. Moisture-guard wicking system controls odor. Also available in black. 144 needle count.

Men's Dress/Casual

Luxuriously soft performance spun yarn and flat seam construction for extra comfort and protection. Spandex fibers comfortably hug foot and leg. Crew height in four colors.

Women's Dress/Casual

Flat seam construction for extra comfort and protection. Spandex fibers comfortably hug foot and leg. Crew and Ankle heights in black, brown khaki and navy. 144 needle count.

Men's Compression

Graduated compression (20-25 mmHg) from ankle reduces swelling and leg fatigue. Recommended for varicose veins. Over-the-calf height in black, brown and navy. 200 needle count.

Women's Compression

Graduated compression (20-25 mmHg) from ankle to knee reduces swelling and leg fatigue. Energizing action for all day comfort. Knee Hi in black and beige. 256 needle count.

see reverse side for more.

Seamfree Silver

Seamfree design with non-binding turned top. Features X-Static® with moisture wicking, anti-bacterial and thermal properties for extra comfort.

Traditional Diabetic

Low profile seam in toe area with non-binding top. Fully cushioned and reversible. Sizes are easily identified with color coded thread in toe seam.

Seamfree™ Diabetic

Seamfree and lightweight cotton interior. Nylon exterior reduces frictional force. Available in oversized X-Tra™ for larger individuals or those with severe edema.

Double Lay-R™

Special "sock-within-a-sock" design greatly reduces frictional forces within shoe. Moisture wicking CoolMax™ yarn for added comfort. Flat toe seam.

SmartKnit®

Made the same way a caterpillar spins a cocoon—in one continuous spiral—these socks are completely seamfree. Available with X-Static® for thermal and anti-microbial qualities. Mini-Crew, Crew and Over-the-Calf heights.

Comfort System Plus®

Provide extra comfort and pressure relief, especially for properly fitted extra-depth shoes. Densely padded for maximum protection. 85% hi-bulk acrylic, 15% stretch nylon. Seamless interior. Mini-Crew, Crew and Over-the-Calf heights.

Comfort System Lite®

A dressier version of the Comfort System Plus®, these socks are available in four colors and are designed to provide extra comfort and pressure relief without extra bulk. Acrylic/nylon. Seamless interior. Mini-Crew or Crew.

Double Sock System®

Special “sock-within-a-sock” reduces friction against the feet. Inner lining is white with CoolMax®/Microsafe/Nylon antibacterial and moisture managing fibers. Outer layer available in four colors and four sizes. Mini-Crew or Crew.

Wide Sock System®

Similar to the Double Sock System® but for wider feet. The “sock-within-a-sock” White acrylic/nylon inner layer. Crew style only in white or black CoolMax®/MicroSafe, nylon outer layer. Available in Crew height only.

Care Sox® Plus

Designed especially for those with oversized feet and lower legs, these socks fit up to a 25” circumference. Ultra soft and antibacterial. Perfect for serious edema, heavier patients and as a bandage cover. Crew only.
