The New VENUM™ 1 is a ONE SIZE FIT ALL spinal orthosis with trimmable panels for custom sizing. The VENUM™ 1 features an innovative single drawstring pulley closure system that requires minimal effort to increase support and compression to the spine from sacrococcygeal junction to T-9 vertebra, which makes this brace ideal for patients suffering with arthritis. The ergonomic design with a built-in anterior panel and removable posterior panels provides sagittal control and intracavitary compression. The VENUM™ 1 rigid panels and lightweight mesh contour to your patient's lordotic curve and abdomen resulting in comfort, control and increased compliance.
